Dear Neighbors,

We hope this letter finds you all safe and healthy during these challenging times. We trust that you enjoy the unique beauty of the boulevard with all the flowering bulbs, native grasses, trees and plantings. Some would say it is like having a park right within the roadway!

First and foremost, thank you for your continued support for the renovation and maintenance of the Fox Chase Boulevard median. If you are new to the area, you may not know that it took 10 years and the efforts of many to fully complete the transformation of the median which was once overrun with invasive weeds, unsightly shrubs and canopied with trees in poor health. Check out our website to learn more about the Foundation's history.

We are again asking for a \$25 donation to cover on-going maintenance costs and the replacement of damaged plants. The Fox Chase Boulevard Median Foundation relies on voluntary donations from area residents to maintain the landscape areas within the Fox Chase Boulevard median. We work in cooperation with the City, which provides essential needs for the median by mowing the grass, replacing some trees, and maintaining the perennial flowers at the Dunham Road entrance.

Last year, 203 residences contributed to our fundraising campaign, with continued financial support from the Aintree Community Association and the Townhomes of Fox Chase. This collective public support is a wonderful reflection of the pride residents have in the appearance of their neighborhood. Thank you again for your support!

Several improvements are planned this fall. In addition to routine landscape maintenance, tree trimming and weed control, all the landscape beds will be edged. Shredded mulch will be spread on the beds near the Dunham Road entrance and free wood chips from Sitarz Landscape spread on the remaining beds. Struggling perennial plants near the entrance and on the north side of the "hill" will be relocated and replaced with new varieties.

We hope you agree that the red bronze leaf begonia flowers at the Dunham Road entrance look stunning this year! These hardy annuals require infrequent watering and add a splash of color at this busy intersection. This year we are trying something new. When the begonias are removed in late September they will be replaced with a seasonal combination of mums and kale which should provide a colorful display through early November. We thank the City for the opportunity to plant flowers in this prominent area and appreciate Sitarz Landscape Maintenance for their work and reasonable rates.

Also new this year, Median Foundation Board members have volunteered to display traditional fall decorations at the Fox Chase Boulevard entrance area in conjunction with the Park District's annual Gallery of Ghoulish Homes, which begins October 14th and concludes on Halloween. This winter we again plan to display decorative holiday wreaths from late November through New Year's. Let us know what you think of these seasonal displays!

(over)

The City will be replacing a dead tree in the boulevard this fall or early spring. Longer term, we will continue to work with the City to care for existing trees and eventually replace the clusters of multi-stem flowering trees scattered throughout the median. Thus, we maintain a contingency fund to augment what the City will cover to maintain the grove appearance as existing trees decline due to age or disease.

Our ongoing partnership and dialogue with the City continues to be key to our efforts to control unsightly brush from being placed along the boulevard. Please note that local ordinances require branches and leaves for pick-up to be placed on the parkway in front of your home or along the frontage where refuse/recycling is collected. We continue to be vigilant in reporting infractions and the City responds by contacting offending property owners.

On an administrative note, we would like to welcome Marti Rossdahl and David Jones as At Large members to our board. Anyone with an interest in horticulture or just a desire to get involved is welcome to join us. Let us know by sending an email or calling. Your contribution of funds, time, and enthusiasm are needed to sustain this unique effort.

Finally, we would like to recognize the Aintree Community Association for installing five new LED coach light fixtures on the stone entrance pillars at the Duhnam Road entrance. These attractive fixtures enhance the curb appeal of the entrance while improving the lighting.

Again, we are grateful for your continued interest and support of the median. Tax deductible donations to the Median Foundation can be made online using the scan code below or through the website (www.FoxChaseBoulevard.org) or by mail using the enclosed donation form and return envelope.

Sincerely,
The Fox Chase Boulevard Median Foundation Board
